Warrant for Town Meeting

To the inhabitants of the Town of Fremont in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Fremont Town Hall in said Fremont on Tuesday the Tenth day of March next at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.

1A. To see what action the Town will take by ballot on the following questions:

•1. (CHANGE)
Are you in favor of the adoption of the following amendment to the existing Town Zoning ordinance as proposed by the Planning Board?
ARTICLE IV Sections 1, 2, 3, 7 and 9 dealing with lot size change to 2 acres with appropriate setback changes supporting the larger lot size proposal.

•2. (NEW)
Are you in favor of the adoption of the following amendment to the existing Town Zoning ordinance as proposed by the Planning Board dealing with the adoption of BOCA basic building code Ninth Edition 1984 with deletions and insertions?

•3. (NEW)
Are you in favor of the adoption of the following amendment to the existing Town Zoning ordinance as proposed by the Planning Board dealing with the adoption of Life Safety Code NFPA 101-1981 Edition?

•4. (NEW)
Are you in favor of the adoption of the following amendment to the existing Town Zoning ordinance as proposed by the Planning Board dealing with the adoption of a grandfather clause for lots that would not meet the new requirements of Amendment #1?

•5. (CHANGE)
Are you in favor of the adoption of the following amendment to the existing Town Zoning ordinance as proposed by the Planning Board?
ARTICLE IX-Section F-3 dealing with a change to our wetland and watershed protection area setbacks; thus making multi-family dwellings less restrictive.

ARTICLE 37: To transact any other business that may legally come before this meeting.
Leon Holmes moved the article. Mary Anderson seconded.
George Baker questioned the following: (1) Entries made in the 1985 Town Report in the Selectmen's Report -- specifically, the amount of money spent in the legal case that the Chief of Police has brought against the Selectmen and (2) why is there a huge expenditure under the Highway Department to Fremont Motor Sales - is this for the sander that the town does not own?
Mrs. Burham stated that the warrant articles from last year were not in the town report.
Chuck Poole made the motion to reconsider Article 19. Joan Poole seconded the motion. DEFEATED BY VOICE VOTE TO RECONSIDER.

Allen Rislove answered the questions relating to Mr. Baker -- he explained that the amount of legal expenditures is due to the police case which was brought about by Chief Johnson. He further explained that the actual police budget was over $30,000 for last year if you added the regular police budget and the legal expenditures and this figure could possible rise to $50,000 in the future.

Guerwood Holmes answered Mr. Baker's question concerning the repairs on the sander. The sander is owned by Charles Bolduc and the town does not pay him for using it -- they only repair it.

Mrs. Stanley explained that it was an oversight that the warrant was not in the town report -- but we have copies if anyone would like.

The motion was made to adjourn. Several people seconded the motion.

The Selectmen's Report

To the Residents of Fremont:

In view of the many inquiries and calls the selectmen have received from Fremont residents showing concern about the litigation between the Town and the Chief of Police, the following is a summary to explain the Johnson case:

> **Johnson v Fremont,** the Superior Court case in which Police Chief Johnson sued the Board of Selectmen and the Town seeking a court order to prohibit the Selectmen from involvement in operation of the Police Department, was decided by the court in 1986. The court ruled in favor of the Selectmen on each issue: the Selectmen have the power to hire personnel, set wages and salaries, control the purchase of supplies and capital items, and obtain information from the Police Chief to perform their administrative duties. As reported in last year's Selectmen's Report, much time and expense was required to obtain an outcome in this case that allows the Selectmen to perform the duties assigned to them by statute.

The Selectmen request that all residents attend the coming school and town meetings. Major decisions affecting everyone are discussed and voted on at these meetings. The town budget has a direct impact on our taxes, so the meetings will give us an opportunity to examine, adjust, and ultimately control our tax bill.

Respectfully submitted,
Board of Selectmen
Allan Rislove
Leon F. Holmes, Sr.
Leonard L. Bonagura

Fire Department Report 1986

To the Selectmen and Residents of Fremont:

It has been a good year fire wise with substantial reduction in fire calls. Perhaps this was due to a wet summer, reducing the grass and woods fire calls and the decrease in oil prices cut back on wood burning, thus a decrease in chimney and structure fires.

I would like to credit you, the people, living in the Town by keeping your homes safe with the proper use of heating devices and combustables.

There has been a big increase in Inspection of oil heating equipoment and many calls about proper installation of gas and wood equipment which no permit is required at this time. It is my understanding that gas heating equipment may have to be inspected in the near future.

The fire reporting number is 895-2512 and will be answered by Raymond Dispatch. This number is ONLY an EMERGENCY reporting number. For

information, I can be reached during working hours at 895-2561.

Week-ends there is a duty officer on duty from 6:00 p.m. Friday until 6:00 a.m. Monday and can be reached through Raymond Dispatch 895-4222 (a business number). The duty officer will get back to you as soon as possible for burning permits, etc..

There is still a need for a few good men in the Fire Department, especially people who are available during day time hours. The Department meets the first Monday of the month unless that day is a holiday, then it is the second Monday of the month.

I would like to thank the men and women of the Department for their time and effort that they have so unselfishly given. Thank you.

Respectfully,
Richard C. Heselton, *Fire Chief*

Police Department Report 1986

In the calendar year of 1986, the Fremont Police Department was very active, with over 1300 reported incidents. With the appointment of three new Police Officers in late May, it eased some of the strain on the remaining three Officers the Town employed. With the rapid growth of this rural community, Police services, investigations, patroling and daily complaints increase daily. Additional personal must be hired to meet the demand.

All Police Officers were certified with hand guns, as the New Hampshire Police Standards and training Council has made it mandatory for all Police Officers, full or part time, to be certified each year. Advance training and schooling in accidents, criminal and DWI investigations are available most of the year for this Department.

In closing, I wish to thank all of the residents of Fremont for their assistance, without concerned citizens, our job would be more difficult. Also to the dedicated Police Officers of this Town for their excellent performance.

Fremont Volunteer Rescue Report

As Fremont Rescue goes into its 3rd year we are very pleased to report that we have 11 active and 5 non-active members. We have responded to 56 calls this year. Raymond Ambulance has responded to 34 calls to Fremont and Brentwood Ambulance has responded to 14 calls.

Our members are all currently certified in CPR, and are either certified Emergency Medical Technicians (EMT), Advanced First Aiders (AFA), or First Responders, and we hold a current ambulance attendants license.

A few of our members have already completed or are now partaking in Instructor courses, so as of February we will be offering AFA classes and CPR classes to any and all interested persons.

We are hoping to purchase more medical kits in order to equip all our members with their own response equipment.

If any resident is interested in joining our squad or in taking any of our classes, give any member a call or come to one of our monthly meetings which are held the 2nd Wednesday of each month in the down stairs of the Town Hall.

Our members include:

Chuck Pool, President
Shawn Hill, Vice President
Joan Pool, Secretary
David Menter
Cheryl Woodman
Carol Gould
Elsje Kus
Linda Ross
Marilyn Marsh
Frank Kennedy
Benny Benedetto

Non active members:

Patty Martel, Treasurer
Neal Beede
Nancy Beede
Lisa Anderson
Rick Carrico

The members of Fremont Resuce would like to thank all the Towns People for their support. Don't every hesitate to call on us whenever you're in need. The emergency number is 895-3384.

Respectfully submitted,
Chuck Pool, *President*
Joan Pool, *Secretary*

Library Report

The Library Trustees are pleased to report that the circulation of books has continued to increase by 600 during 1986. We would like to take this opportunity to invite all new residents of Fremont, as well as those residents who are not new in town, to visit the library located at the corner of Beede Hill Road and Main Street between the hours of 4 p.m. and 8 p.m. on Tuesdays and Thursdays.

Although the library is small, we believe that you will be pleasantly surprised to discover 5500 hardcover books and 500 paperback books available for your reading enjoyment. Mrs. Barbara Bassett, the librarian, is committed to providing the latest best-sellers for our patrons, and unlike the larger libraries, the waiting list is relatively short for these books. However, if there are books the library does not have and that you believe would be an asset to it, we encourage you to mention them to the librarian or to any one of the trustees. We will be more than happy to attempt to accommodate these requests and suggestions.

We want to extend a thank you to everyone who has donated books, money, and or time during 1986. We have, however, had to change the library's policy regarding book donations due to the limited space. In the future, we will only be able to accept select contributions of hardcover books.

The Trustees were saddened at the passing of Lucy Schramm who served the Town of Fremont in the capacity of Library Trustee for 25 years. We extend our sincere sympathy to her husband, Elmer Schramm, and to her family.

225th Anniversary Committee Report

The Fremont 225th Anniversary Committee has had a very productive year. Our committee which consists of many enthusiastic and dedicated members, met nine times during 1986 and were able to formulate an agenda of activities for the four day celebration which will take place between June 22-25, 1989. The celebration will highlight a variety of events guaranteed to please young and old alike. Some of the activities will include the following: Town Picnic, All-American Parade, Outdoor Army Band Concert with Fireworks, House Tours, Town Historical Tours, Multi-media Slide Show History of Fremont, Pancake Breakfast, Colonial Militia Encampment & Battle, Candlelight Organ Recital, Colonial Church Service, games and contests. To cap off this proud year for Fremont will be a Christmas Candlelight Stroll complete with costumed musicians, Christmas Tree Lighting, hayrides, carolers, old fashioned Christmas party and refreshments. It is hoped that each house along Route 107 will place white Christmas lights in their windows.

The 76th Division Army Reserve Band from East Windsor, CT have agreed to perform at the Outdoor Concert. They have an outstanding reputation among Army Bands within the United States.

During the past year the 225th Committee has sponsored an Anniversary Seal Contest, organized a Town Quilt sub committee, held raffles, and hosted a very successful Turkey Supper and Banjo Concert.

The Committee consists of the following members: Jan Collins, Thomas Fitzpatrick, Ray & Connie Gregoire, Fred & Sue Herr, Debra Minnon, Mike & Ellen O'Keefe, Joan Poole, Cindy Provencher, Tracey Syvinski, Matthew & Sharon Thomas, Bruce & Cathie Wright.

The 225th Committee wishes to extend its sincere thanks and appreciation to all those who have devoted their time and energies on behalf of the committee and to those who supported our endeavors.

Respectfully submitted,
Matthew E. Thomas, *Chairman*

Parks & Recreation Commission Report

This years Summer Program was directed toward sports, games and arts and crafts, resulting in a good program but giving us input that more arts and crafts are needed. Again this year we will be seeking a new director and assistant, but there is already one name submitted.

Offered swimming lessons again were very suggestful and will be planned again this coming season, based on the availability of a swimming pool.

Hershey Track and Field meet held in Concord is really bringing out the best in a lot and through the untiring efforts of Don Curry, we had another suggestful year.

A hay ride planned, did not happen due to bad weather on several scheduled and rescheduled weekends.

The commission is planning now for a full year ahead and is in the process of putting this calendar together, however, if any resident would like us to consider something, we urge you to call or visit with us and offer your suggestions.

Respectfully submitted,
Maria Knee, Robert Salois
Judith Noris, Dennis Buteau

Road Agent Report

This winter has been one of the most severe winters that we have had in many years. During the month of January we have had 5 storms and there is more to come. The snowbanks are very high and they must be pushed back in order to make room for the next storm.

Many jobs have been accomplished this year. A great deal of reconstruction has been done on problem areas of Beede Hill Road and Leavitt Road and I plan to continue in the reconstruction of the roads in Fremont. Another task that was completed was the installation of bridge railings at Turner's Dam and Bogg's Bridge. These were in desperate need of repair and the new railings will insure the safety of the residents of Fremont. I have also installed speed and road signs, cut brush, installed culverts and cold patched many roads. In addition to this, I have worked with developers on the roads in 5 new subdivisions. Under the direction of the Selectmen and

the Planning Board, it was my responsibility to see that these roads were inspected prior to the construction of the road (removing topsoil and stumps), as well as when the road was finished. The entire process includes at least 5 inspections before it is completed. I feel that it has been a very successful year.

I would like to take this opportunity to thank the residents of Fremont for their continued support and cooperation. Lastly, I would like to thank the dedicated and dependable men who do a great job working with me on the roads.

Respectfully submitted,
Guerwood Holmes, *Road Agent*

Rockingham County Community Action Program, Inc. Report

The Rockingham County Community Action Program, Inc. (RCCAP) is a private, non-profit, anti-poverty agency which has served residents of Rockingham County since 1965. The Greater Raymond Community Action Center is an outreach office of RCCAP which serves 15 towns in the central part of the county, including the town of Fremont.

In the 15 towns served by the Greater Raymond Community Action Center, well over 1,200 households are experiencing financial problems serious enough to leave them without the means to provide for basic necessities. Of these, nearly 40% are elderly individuals or couples living on fixed incomes. The remaining 60% include the disabled, the unemployed, the underemployed, single parent families and the working poor. Regardless of their particular situations, all of these people are forced to seek outside assistance to meet their most essential needs.

Community Action plays an important role in meeting these needs by offering direct service programs as well as the help and guidance of our agency's staff. Of the major direct service programs offered by Community Action, the following were provided to eligible residents of Fremont during the past year:

— 55 household received Fuel Assistance, a program which provides a financial grant of up to $500.00 to assist with energy-related expenses.

— 11 homes were weatherized through the Weatherization Program, which provided quality materials and labor to weatherize homes in order to reduce heating costs and conserve energy.

— 9 children were provided meals from private family day care homes which participate in our Rockingham Family Day Care Program.

— 17 women, infants and children received help through the WIC Program, which offers supplemental nutritious food and nutrition counseling to pregnant women, nursing mothers and children up to the age of 5 who are nutritionally at risk.

— 2 households received emergency assistance through the FEMA Program, which provided a one-time financial grant to eligible

households in crisis for the payment of not more than one month's rent, mortgage, electricity or fuel.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year we received 187 calls or visits from Fremont residents, many of which were crisis calls involving fuel and utility problems, the lack of food or clothing or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested church and civic groups, we are able to link those in need with the services available to them.

Since the services we offer greatly relieve the towns we serve from the full burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 3½ percent of the total dollar value of services provided during the previous fiscal year, which means that we request $3.50 for every $100.00 we provide in direct services.

From September 1, 1985 through August 31, 1986, Community Action provided $48,863.00 in services to Fremont residents. We are therefore requesting the Town of Fremont to contribute 3½ percent of this amount, or $1,710.00. The Town of Fremont has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Amy Mueller-Campbell, *Director*
Greater Raymond Community Action Center

School District Meeting

March 10, 1986

The School District Meeting for the Town of Fremont opened at 8 p.m. at the Laurence Pettengill Hall, Ellis School, on March 10, 1986. Mrs. Maureen Buhrman, Moderator, read the official School District Warrant.

Article I

To hear reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

Mr. Robert, School Board member, moved the Article as read. Seconded by Mr. Robert Waddell, School Board member. The motion passed by voice vote.

Article II

To see if the District will vote, under the provisions of RSA 198:20-b to authorize the School Board to apply for, accept and expend without further action by the School District Meeting, money from any source which becomes available during the 1986-1987 school fiscal year provided that such expenditures be made for the purposes for which a School District may appropriate money and that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

Mr. Richard Maloof, School Board member, moved the Article as read. Seconded by Robert Norris. The motion passed by voice vote.

Article III

To see if the District will vote to authorize the School Board to negotiate a long-term tuition contract with the Sanborn Regional School District.

Mr. Robert Waddell moved the Article as read. Seconded by Robert Norris. Discussion followed.

The Board has begun preliminary discussions with Sanborn but nothing has been firmed up to date. The Board wanted this brought before the voters before proceeding. If the District approved the Article, negotiations will proceed at a more rapid pace. Pinkerton is not accepting any move of Fremont's students after next year, so at the present time Sanborn is the only school that will accept our students for the next five years.

In the future, the Board may request a special School District Meeting to consider different groupings of high schools. If Epping decides to build their own high school and leaves the Union, only Fremont and Chester would be left and neither would be in an enviable position. Chester has recently begun negotiations with Sandown and Hampstead to form a cooperative high school, and in the future we may have to look into joining a cooperative high school.

The motion was passed by voice vote.

Article IV

To see if the District will vote to raise and appropriate the sum of $5,000 (Five Thousand Dollars) for the purpose of hiring an architect to prepare preliminary plans and estimate for construction of an addition to Ellis School.

Mr. Robert Norris moved the Article as read. Seconded by Richard

Maloof. Discussion followed.

According to the Department of Education, there are no restrictions to adding on to the present building. The size of any new addition cannot be finalized until the census figures have been compiled and analyzed. It would probably be three or four classrooms and a new library that, according to Mr. Waddell, can never be made into a classroom. The former library at Ellis is now a classroom and the present library is in half of the former office. Not a good situation, to say the least. Some discussion followed on the septic systems of the original building and the old addition.

The motion passed by voice vote.

Article V

To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the district.

Mr. Richard Maloof made the motion that the District raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the district, the sum of $1,015,301.

Seconded by Mr. Waddell. The first Fremont School budget of over one million was passed by 34 taxpayers in less than 40 minutes.

Article VI

To transact any other business which may legally come before this meeting.

Mr. Robert Norris made the motion to adjourn. Seconded by Matthew Thomas. Passed by voice vote.

The meeting adjourned at 8:35 p.m.

Respectfully submitted,
Barbara D. Baker, *Clerk*
Fremont School District

Principal's Report

The Fremont School District was very fortunate this year in filling vacant faculty positions with especially well-qualified professionals to implement the school curriculum. The success of Ellis School teaching is apparent in many ways. Several interdisciplinary projects have taken place already this year, for example. The most recent of these was an art and science unit focusing on dinosaurs which was carried out in the second grade. Members of the Fremont community may have seen the fabricated reptiles inhabiting the school's corridors. There has also been a great deal of revision of individual subject curricula to meet the evolving requirements of state educational standards and society in general. In addition, student achievement as measured by the schoolwide testing program has risen since last year. These are just a few of the accomplishments of the Ellis School teaching staff.

However, teachers are not the foremost concern of a school. Children are, and the students of Ellis School have shown a commitment to the values we strive to imbue in them. More students are making the honor roll this year than did last year, and grade averages are higher overall. Since our state and local test results have shown improvement, we do not believe the improved grades reflect relaxed standards. Teachers' observations of student behavior substantiate the idea of a growing willingness on the part of students to strive to do their best. Student behavior has also improved over last year. The incidence of office referrals for disciplinary action is drastically reduced during the first five months of school. Finally, another highly successful basketball season has just drawn to a close. Both the boys' and girls' teams demonstrated that they fight hard to win right down to the last buzzer and that they are good sports, win or lose.

While room assignments have changed little since the last principal's report, many changes will have to take place before next year. There will be at least one additional class added to Ellis School in the 1987-88 academic year, a trend which will continue for at least the next five years. The school board is well aware of this problem and is taking appropriate action to plan for next year and the ensuing years as well. A building committee has been active since last spring and a plan of action has been established. In addition, the school and central office administrations are taking steps to insure that educational programs iwll not be interrupted during a period of building construction that could extend into the next school year.

The next year will be characterized by transitions that will be exciting for the Ellis School community, but with the attributes and commitment of the students, faculty, and community, the period of change should be no great trial.

In closing, I would like to thank the PTA for their continuing support of school programs, and I would like to thank the members of the Fremont Building Committee for devoting so many hours to developing a program which will provide the best possible education for the children of Fremont.

Resepctfully submitted,
Timothy H. Green, *Principal*
Ellis School

Superintendent of Schools' Report

This past year has seen several rapid changes in SAU leadership. Mr. George Cross resigned his post as Superintendent after several years of service as both Superintendent and Assistant Superintendent. Dr. Thayer Wade served as an interim Superintendent from January through June 30, 1986. Mr. Wilson Eaves assumed the superintendency effective July 1, 1986. Mr. Edward Donovan, Assistant Superintendent, is now in his fourth year of service to the district.

One of the most time consuming activities this year, for the Superintendent has been involvement in the collective bargaining process for a successor contract with the Fremont Education Association. At the time of this writing the Board and the Association's representatives had not reached final agreement on the terms for a new contract, though some progress toward that end has been achieved. Hopefully, this matter can be resolved in the immediate future.

The Ellis School has reached its saturation point as a school facility. An additional section or sections of students which will almost certainly be required in 1987-88 cannot be housed in the current facility only by taking extreme measures. The Superintendent and Assistant Superintendent have worked closely with the Building Committee. An updated enrollment projection has been prepared. The NHSDE has completed an analysis of enrollment projections and school facilities. The need for additional facilities has been the subject of several Building Committee Meetings. The Committee has recommended that the Board engage the services of Philip Tambling, AIA. The Board will shortly consider a contract with Mr. Tambling for services in connection with a building addition. Mr. Tambling was a member of the firm of Dennis and Tambling when the addition to the original Ellis School Building was planned and constructed.

As soon as possible the Building Committee and School Board will present plans to the school district for consideration.

Recently 4th and 8th grade students participated in a NHSDE sponsored educational achievement testing program. We are pleased to report that the result of these tests were very favorable. A brief summary of the tests results follows:

1986

4th Grade — The table below shows the standing of the average Fremont student in relation to a national sample.

Total Reading — Above 74% of National Sample
Total Language — Above 61% of National Sample
Total Math — Above 66% of National Sample
Total Science — Above 56% of National Sample
Total Social Studies — Above 70% of National Sample
Total Battery — Above 62% of National Sample

1986
8th Grade

Total Reading — Above 64% of National Sample
Total Language — Above 59% of National Sample
Total Math — Above 63% of National Sample
Total Science — Above 78% of National Sample
Total Social STudies — Above 77% of National Sample
Total Battery — Above 63% of National Sample

In conclusion, I pledge to you that I will work diligently to improve educational achievement in the Fremont School District. Further, I will attempt to maintain an open and honest climate. Schools serve best when all parties work together in a cooperative way.

H. Wilson Eaves
